

Keeping You Safe

UK's No. 1 for Quality, Service and Value

**CELTIC MANOR
RESORT**

The Celtic Manor Resort - The Ryder Cup 2010 Newport, South Wales

Golf fans throughout Europe, America and across the golfing World witnessed one of sports greatest ever events in October 2010 as Europe and the USA fought it out in the 2010 Ryder Cup at the Celtic Manor Resort in Wales.

Apex Radio Systems Ltd. are proud to be the supplier of digital two way radio units to Celtic Manor and despite his extremely busy year, Ian Edwards, VP Operations at Celtic Manor kindly took the time to send us these kind words:

"2010 was always going to be a massive year for Celtic Manor, which is why making sure our internal communications were in place well before the Ryder Cup commenced was so important to us. Apex Radio Systems Ltd. was recommended to us and from early discussions with them, it became clear they fully understood our diverse and quite unique needs.

Apex ultimately provided us with expert advice, a high quality radio communications installation and great value digital two way radio units.

From on-site training to a fast and friendly service whenever we need to speak with them, we would have no hesitation in recommending Apex to any other hotel, resort or business who demands the highest levels of service combined with great value radio systems."

Ian Edwards - VP Operations
