

**Keeping You Safe**

**UK's No. 1 for Quality, Service and Value**

## **Marriott Hotels & Resorts Hollins Hall Hotel & Country Club, Bradford**

"Our leading venue The Marriott Hollins Hall Hotel & Country Club, part of the Marriott International Inc Group, is located on an 18 hole championship golf course, offering the rural gateway to traditional Yorkshire hospitality, with easy access to the Yorkshire Dales.

We contacted Apex Radio Systems to see if they could help with two way radio communications in and around our site. Apex were positive they would be able to assist, and provided a two way radio communications system to meet our needs.

We now have constant contact between staff, with no call charges, which link all areas of our premises maintaining an efficient and secure hotel environment. Whether that is Reception contacting Porters, the Kitchen contacting Room Service or our Conference team liaising with the Banqueting team. This all saves our hotel time and money and of course enables us to give best service to our customers so they have nothing but a pleasant and relaxed time while staying with us, which means they will not hesitate to return.

Apex also offer excellent after sales customer service, we are able to contact them to discuss any requirements, secure in the knowledge they are always there to help and support."
