

Southport Shopwatch and Pubwatch Radio Link Scheme

"Apex Radio Systems Ltd. has been working in Southport with a radio link scheme for ten years. During this time we have felt that the service we receive from Apex is excellent, and we have never considered changing radio suppliers.

We work alongside Apex in the town centre on both the Shop and Pubwatch radio link schemes, and receive a proportion of the revenue, created from hire of the radios to the shops and pubs in Southport, back to further develop the scheme and area for local business and customers.

In all the years we have worked with Apex I think that their greatest strengths are technical ability, and service support. The turn around of jobs and actioning of requests from new users is excellent, and they communicate to us every step of the way when a new initiative or scheme development is being proposed.

The staff are friendly and courteous and in general I feel that Apex Radio Systems Ltd. are a genuine, professional and competent company to work with, I would not hesitate to recommend the service they provide to other towns and cities and have done so throughout my working relationship with them.

If you wish to contact me to discuss this matter further, please do not hesitate to get in touch with me at steve.booth@southportbe.com or on 07772 710413 , I will be more than happy to talk to you on this subject.

Steve Booth - Southport Town Centre Manager
