

## **NCP National Car Parks Northern Ireland**

National Car Parks (NCP), the largest private car park operator in the UK is one of Apex most well known clients.

Apex supply to over thirty different NCP locations with two-way radio communications and because of this were chosen to undertake the supply and installation of radio systems into NCP locations situated in twelve different towns and cities around Northern Ireland.

The areas involved reach from Coleraine in the north down to Newry in the south, and from Downpatrick in the east to Omagh in the west.

Apex engineers arranged complete technical surveys of all of the locations involved and planned a timeline for the completion of this major project.

The job included the installation of twelve Base Station Repeater Systems, one at each of the NCP Offices located around Northern Ireland. Also a total number of twenty five separate mobile radio vehicle installations were completed by Apex technicians.

The complete NCP Northern Ireland assignment was installed, tested and commissioned within a time period of only three weeks.
