

# NEWCASTLE RACING & EVENTS

## Newcastle Racecourse High Gosforth Park

"As one of the busiest leisure, sports and entertainment venues in the North East, we at Newcastle Racecourse and Conference Centre have to ensure our staff are fully prepared for all eventualities. Our first class facilities are open not just on race days but all year round for a variety of different types of events.

Because of this we had a major need for two-way radio communications equipment to enable all of our staff to work together safely and efficiently. We made contact with Apex Radio Systems Ltd. after being advised that they also handled the two-way radio communications for another large local sports venue.

I am pleased we took that advice as we now have a radio system which covers our whole site and is used by 50 of our staff to aid with all areas of the operation, with the number of radios being increased to 100 on busy race days.

This equipment ensures we can continue to offer our patrons a welcoming and safe atmosphere and the most enjoyable experience when visiting Newcastle Racecourse, whatever the occasion."
